# 7030™

## A new Face at OS&B™

### Screwless does not mean Faceless

Featuring uniquely fresh and modern aesthetics, the clean yet simple advanced design of the new 7030™ Waste & Overflow System is a perfect compliment to today's popular modern and minimalist tub designs. 7030™ features our exclusive Slide-on Faceplate\*\* as well as our famous Spin-on Tie Plate and Angle Adapter. **7030™ – Screwless does not mean Faceless.**

## Features & Benefits - Compare

- Slide-on Faceplate\*\* = Toolless Installation (Easier/Faster installation)  
Screwless design (easier to clean)  
Exclusive design (fresh and modern aesthetic)  
Available in today's popular Finishes  
Vastly Improved overflow drainage
- Spin-on Tie Plate = No crossbars (Can snake without removing Tie Plate)  
No crossbars (Easier to insert inflatable Test Plug)  
No tools required installation
- Self Clinging Gaskets = Easier to install (won't fall off)
- Angle Adapter = Simplifies Installation (addresses Tub angle)  
Ensures a better seal against Tub
- Dependable OS&B™ Quality = Quality you can count on
- Free SST™ = Strainer Setting Tool  
No more scrambling to find a Strainer Setting Tool or making your own. Can be used to tighten Tie Plate too.

7030™ is available in offset and direct drain configurations as well as Full and Kit (less pipe) versions. 7030™ is also available with the following drain closures: Plug and Chain, Clicker™, Tip-Toe, Lift & Turn and Push Pull.

\*\*Patent Pending
